

21st March

I've just heard that the Roman Catholic Bishop of Vellore died suddenly last night of a heart attack. Highly thought of by the local CSI pastors. Please pray for the whole church in Vellore, facing serious issues with COVID-19 (as Nirmala said at the weekend, 'how do the people in the slums in the middle of Vellore practice social distancing' – they have no personal sanitation) and the loss of a faith leader.
